According to ATCP 72.11(3)(a), “Whenever multi-use glasses, ice buckets or other utensils are provided for a guest, the items shall be washed, rinsed, and sanitized in an approved manner before being provided for use by a different guest. Utensils, when furnished, shall be free of cracks or chips. The food-content surfaces shall be smooth, nontoxic, corrosion-resistant, nonabsorbent and easily accessible for cleaning.”

Compliance can be achieved by using one of the following two options:

- 1.) Operator washes, rinses, and sanitizes all provided utensils between each guest stay.
- 2.) Post the Disclosure for Sanitizing Utensils (located below) in a conspicuous location to let guests know that every dish may or may not be sanitized between each guest stay **and** provide supplies for sanitizing utensils.

Disclosure for Sanitizing Utensils

“Food and beverage utensils have been provided in this tourist rooming house as a guest convenience. They have not been sanitized. It is recommended that you wash with a detergent, rinse with clean water and sanitize utensils before their use. To sanitize, after rinsing, add 1 teaspoon of unscented bleach per gallon of clean water and immerse utensils for a minimum of 30 seconds, then air dry.” The sanitizer is located _____.

MISSION

To promote the health, safety, and well-being of individuals and families
